FULL LIST OF EMBED-FRIENDLY URLS

Please note that changes are constantly occurring to the color, size, and format of embed-ready links. Most frames also link inside of each other, preventing any messy formatting errors or ugly frame views. In most cases, the URL is the same as the ones you see throughout the system, with 'embed/' typed between '.com' and the first folder ('/') separation.

USA Rugby is currently working on a plan to create code to present this data in a table format that reads directly to your union/competition websites. You'll first see this in the forthcoming club-focused website (usaclubrugby.org). Please stay in contact with the Club Department for details.

KEY:

#	Team #	Example: Team 643 = San Diego Surfers
#	Club #	Example: Club 645 = Oregon Sports Union
#	Competition #	Example: Competition 444 = 2016 WPL Regular Season
YYYY-YYYY	Season	Example: 2015-2016 = 2015 WPL Season
#	Match #	Example: Match 1132 = 2016 WPL Championship (competition/506/match/1132)
#	Player #	Example: Player 114435 = Vivian Renshaw

COMMON EMBED CODE

```
<iframe src="URL" width=100% height="X" frameborder="0" scrolling="yes"></iframe>
```

Note: Embed Height varies by pixel height and isn't response to percentages unless mixed in with other code, which isn't always easy.

Competition Standings
